

## The Sports Premium: Expenditure and Impact.

The Sports Premium is funding provided to support the quality and provision of sports in school. Below is an outline of how the money was spent in 2014 2015 and the impact we feel it had:

- ⚽ The school has employed a qualified sports coach! The coach teaches high quality PE lessons to Year Five and Year 6 Classes throughout the year. He also trains Year Five children to be young Sports Leaders who help provide activities for younger children and assist in the smooth running of Sports Day;
- ⚽ We subscribe to the East Cleveland Sports Partnership who work closely with the school to provide opportunities for all children to engage in competitive and non competitive sporting activities. Throughout the year, these have included:
  - 🏈 Tag Rugby for Year Five and Year Six. Belmont won the Guisborough event!
  - 🏒 Hockey tournament for Year Five and Six;
  - 🏃 Athletics for Year Five and Six. Many children were highly successful. From twenty four competitors, ten qualified for the Redcar and Cleveland finals and, from there, four more went on to the Tees Valley Finals!
  - 🏃 Cross Country for years Three to Six where thirteen children represented Guisborough and then, from here, four children represented Redcar and Cleveland in the Tees Valley Finals;

- 🔍 Tennis where eight children represented Belmont Primary.
- ⚽ Years One, Two, Three, Four and Five have all been given the opportunity to participate in sports festivals including 'Key Steps Gym', Multi Sports, Mini Olympics, Basketball and Sports Hall Athletics;
- ⚽ Such programmes as 'Bikeability' and 'Change for Life Club', offering real life skills to support children's physical development;
- ⚽ Access to specialist sports coaches to provide quality provision in a range of sports;
- ⚽ Provision for inclusive sports for children who have physical barriers to participation.

Finally, many of these opportunities would not be possible without using the Sports Premium to subsidise some of the transport costs.

WE BELIEVE THERE HAS BEEN A HUGELY  
POSITIVE IMPACT AS A RESULT OF THE SPORTS  
PREMIUM!
