

Dear Parents / Carers,

It is fantastic to see that so many children are keen to ride their bicycle to school. However, it does concern us that very few of these children wear a helmet. The evidence relating to the benefits of wearing such protective equipment cannot be ignored and, as such, **we will not permit children to bring their bicycle into school if they are not wearing a cycle helmet.** The helmets can be stored safely within the classroom or cloakroom.

Yours Sincerely,

Mr C Gibson
